NU[®]

Welcome to the next generation! It's time for a cool design and even more performance – SPÜLBOY NU[®] provides all well known SPÜLBOY[®] advantages and an inspiring hygienic design.

One device, the solution: Sustainability at it's best!

The NU[®] generation

NU[®] DIMENSIONS

Hygienic Design

Sealed construction, with no corners, edges or indentations.

Quality

100% made in Germany! Dispenses with many individual and spare parts. In need just change the brushes.

100% flexible

Convinces as a standard version, portable device and as custom made built-in.

CLEANS ALL TYPES OF GLASSES!

NU[®] STANDARD

Robust construction, quick connection, perfect performance.

And on top: simplest maintenance.

NU[®] PORTABLE

All over ready for use – without sink! Just place the drain hose to the water outlet and wash independently.

No event without NU[®]

The robust & easy-care all-rounder

NU[®] BUILT-IN

Less space? One sink only? NU[®] can be built in easily. Just create a cutting out with the help of our template and hang in the NU[®].

-  **DIN EN ISO 9001:2015**
company certification
-  **DIN 6653-3**
device certification
-  **100% HYGIENE**
tested by independent institutes

Less space? One sink only? NU[®] pro Iceblue can be built in easily. Just create a cutting out with the help of our template and hang in the NU[®].

Best engineering

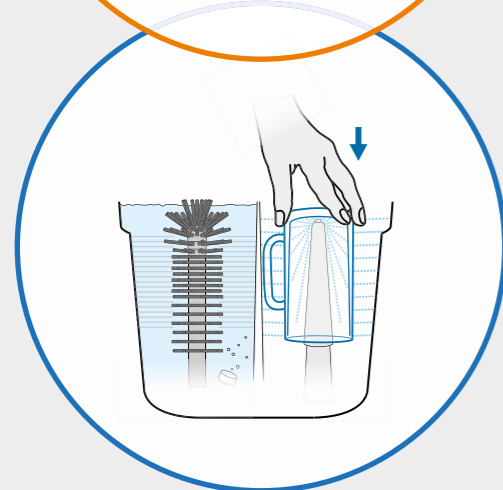

100% HYGIENICALLY CLEANING

PRE-WASHING

- 1 Use original SPÜLBOY® glass washing tablets in the brush pot.
- 2 Move the glass completely over the brush at least 3-5 times with rapid up and down movements. Don't turn!

CLEAR-RINSING

- 3 Allow draining over the pre-wash pot before rinsing thoroughly from the in- and outside for 2-3 seconds.
- 4 Daily cleanse of the brushes as well as the device itself guarantees hygienic cleaning of your glasses.

Double rinsing power

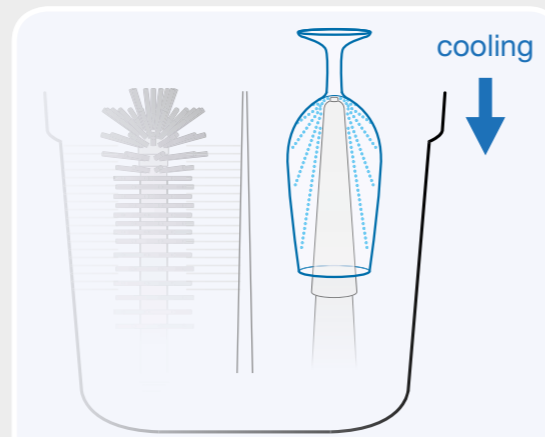

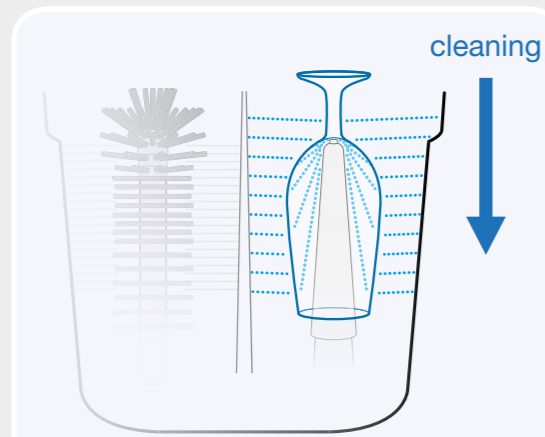

Our rinsing mechanism allows an all-around hygiene for your glasses.

The flexible telescope rinsing accommodates an easy and elegant way of cleaning of glasses, including the stem and base. Ideal for glasses with a handle and jugs.

Cleaning and cooling

Our head valve guarantees perfect freshwater circulation through the inside of the glass.

Along with the fact that the glass is still wet after cleaning, the head valve also allows the glasses to cool down before being held under the next tap.

GUARANTEED,
PATENTED,
CERTIFIED!

Our claim

100% PIONEERING SUSTAINABILITY

Safe cleaning.

- manual rinsing of all types of glasses with cold water
- fast and highly efficient brush cleaning
- 100% proven to deliver hygienic cleaning results

Clean & simple.

- short distances due to direct availability at any location
- transportable and space-saving
- easy commissioning and performance

Save the planet.

- environmentally and resource-friendly cleaning without electricity
- 100% cleanliness with minimum use of fresh water
- highly effective and biodegradable tablets

Save smart.

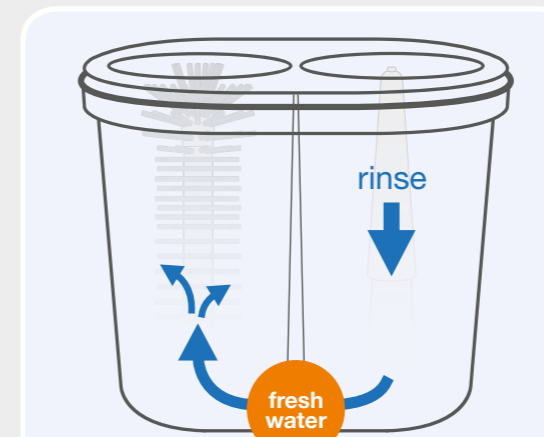

- up to 80% cost savings compared to glasswashers
- gentle on glasses and decor
- low detergent consumption

Unique

With every application of the rinsing mechanism, an automatic refill of freshwater is set into motion in the pre-rinse pot, guaranteeing a constant freshwater circulation.

No1 of manual glasswashers!

Big plus! The SPÜLBOY® add ons

GLASS WASHING TABS

Sustained, environmental friendly and biodegradable. The original SPÜLBOY® glass washing tablets.

100% Hygiene

BRUSH SANITIZER

The perfect addition to the tabs. Together unbeatable clean

BRUSH SET

Change the brushes periodically for best hygiene.

BUNDLE

All-in: All you need to start directly.

EASY CLIX®

Connect every SPÜLBOY® device fast and easy with a "clix".

BRUSH SET

The new generation of brushes with Sanitized® hygiene function. Fits for all NU® devices.

"Save the Taste!"

This is our international aim, especially when it comes to beer: perfect pleasure "from the keg to the glass". SPÜLBOY® is an indispensable part of this quality chain and is worldwide appreciated by breweries and restaurateurs. SPÜLBOY® is setting standards for all bar areas because only hygienic, crystal clear glasses guarantee the unique taste.

Your beer deserves it. And your customers will love it.
