BLENDER CUP WASHER

Powerfully rinsed! Cleans mixing cups, cocktail blenders and decanters, or cools the beer glass with a powerful fresh water rinse before tapping.

All you need is a basin and a water connection. Then the blender cup washer is immediately ready for use.

Our goal? Your good drink.

The SPÜLBOY® blender cup washer is easy to use, rinses quickly and, thanks to different attachments for different types of mixers, simply perfect. Like all SPÜLBOY® models, the blender cup washer works without electricity and impresses with its extremely low water consumption.
